ABANDON HOPE OF EARLY SETTLEMENT

**After Failure of Conference Rail
Executives Determine To
Open Shops Soon**

(By Associated Press)
Chicago, July 15—Virtually abandoning hope of an early settlement of the shopmen's strike following the failure of last night's conference, rail executives today prepared to make a determined effort to reopen the shops with non-union employees, according to high officials of the Labor Board.

Senate and I. C. C. To Meet

(By Associated Press)
Washington, July 15—A hearing will be held soon by the Senate and the Interstate Commerce Committee to indicate a revision of transportation and to deal with problems developed by the present strike. Chairman Cummins said today. The first effort of Congress, Cummins said, would probably be to amend the law so as to guarantee a fair living wage to railroad workers. Later he said, but probably not during the strike, an effort will be made to provide penalties for the violation of orders of the Labor Board.

Maintenance Men May Come Out

(By Associated Press)
New York, July 15—Predictions that E. F. Grable, president of the brotherhood of maintenance of way employees and railway shop workers, would issue strike order to 400,000 of his union "at any hour," was made today by William Parker, leader of the New York Central maintenance of way men president of the union's association of eastern chairmen. The New York Central men, he declared, are "up in arms" against Grable's action in holding off the strike for which they voted "overwhelmingly."

Trucks Being Used To

(By Associated Press)
Washington, July 15—Inaugurating the use of motor trucks to transport mails due to the inability of the railroads to move mail matter, on account of the shopmen's strike, was announced today by Postmaster General Work. They are being used between Bedford and Switz City, Indiana, where all train service is cancelled.

No Disorders At Ravens

Ravenna, Ky., July 15—The strike situation at this point has been quiet with no disorder of any kind reported. The chairman of the strikers has issued orders to the men to stay away from the L. & N. shops and property. The trains are running on about schedule time. Meetings are held at their lodge rooms at 9 o'clock each morning, when the roll is called and talks made.

Morrow Appoints Nine

(By Associated Press)
Frankfort, Ky., July 15—Gov. Morrow today commissioned 9 railroad police for the C. & O. in Kenton and Campbell counties.

Grable Talks With Harding

Washington, July 15—E. F. Grable, chief of the maintenance of way men, spent two hours in conference with President Harding today but declined to discuss the conference on leaving the White House.

Katy Says Troops Would

Help At Hannibal, Mo.
St. Louis, July 15—The Missouri, Kansas and Texas today informed Governor Hyde that the protection at Hannibal is lacking and the road is unable to operate the roundhouse because of inability to get men to work. No formal request was made for troops, officials said, but the governor was notified that the situation there could be solved if guardsmen were present.

Notice To All Ex-Service Men

All ex-service men having a claim for compensation must file their papers on or before August 1st, 1922. Blank forms for these claims may be obtained from D. Willis Kennedy, Richmond, Ky. The government will not consider claims after August 1st, 1922. Charles R. George, Com. F. C. Gentry, Adj. 161 6t

Dry Officer Loses "Britches"

Louisville, Ky., July 15—"I can't return to Louisville until I get another pair of pants," R. E. Delozier, federal prohibition officer, notified his headquarters here. He is at Bardstown. Mr. De Lozier suffered the loss of his trousers when a barrel of moonshine whisky, which had been seized, exploded.

HARDING PROPOSAL REJECTED BY MINERS

(By Associated Press)

Washington, July 15—The general policy committee of the miners' union, a body having full power to decide for all the miners now on strike in the bituminous fields and on suspension in the anthracite fields, conferred for two hours with John L. Lewis regarding Harding's recommendation for the arbitration and strike settlement, finally recommending that it be unqualifiedly rejected.

Senators Meet With Hoover

To Talk Coal Strike

(By Associated Press)
Washington, July 15—A conference of Senators of coal producing states was arranged this afternoon with Secretary Hoover. Senator Pepper, republican, of Pennsylvania, called the conference at Hoover's suggestion, it was reported. No announcements were made regarding the plans which would be discussed at the conference.

RICHMOND MAN KILLED BY HORSE

A telegram was received Saturday morning stating that Mr. W. P. Head, of North Second street, had been killed Friday by a horse at Evelyn, Ky. The message did not give any particulars. Mr. Head had gone to his farm near Evelyn, about two weeks ago.

Mr. Head and family moved to Richmond about six years ago from Lee county. He was 44 years of age and a member of the Methodist church. He is survived by his wife and four daughters: Fannie Kate, Maude Lee, Lena Mae and Bettie Roe Head, who have the sympathy of their many friends in their sorrow. No arrangements have been made about funeral services.

BELOVED WOMAN GOES TO HER REWARD

Mrs. Lizzie Maupin, wife of Mr. Julian Maupin, of the Panola section, died Saturday morning at the Robinson hospital, Berea, after an illness of many months. She had been at the hospital for two months under treatment. Mrs. Maupin was 60 years of age and a devout member of the Christian church. She was a loving wife and mother and devoted friend and neighbor, and highly esteemed by all. Besides her husband, she is survived by seven children: Blanche, John, Amber, Sarah, William, J. H., and Elizabeth Hunt Maupin. Funeral services will be held at Flatwoods church Sunday afternoon at two o'clock and burial will follow in the Richmond cemetery. Dr. E. C. McDougle will have charge of the services.

Germans Have Come Across

(By Associated Press)
Paris, France, July 15—Germany's July reparations payment of 32,000,000 gold marks will be deposited sometime today, according to information here.

Value of Good Orchard

Methods Shown In Test
Bardstown, Ky., July 15—What proper orchard cultivation and spraying will do toward the production of perfect apples is being pointed out to farmers in this section by a demonstration conducted by the Nazareth Academy, near here, in co-operation with the College of Agriculture at Lexington and County Agent C. L. Hill. The academy will harvest an estimated crop of 2,000 bushels of apples, 75 per cent of which will be perfect as the result of spraying and cultivation practices which were carried out in the demonstration, Mr. Hill says.

TEN CONGRESSMEN UP FOR RE-ELECTION

**Ogden, of the 5th District Only
One Refusing To Run—List
of Candidates**

(By Associated Press)
Frankfort, Ky., July 15—With one exception, all of the present Congressmen from Kentucky are candidates for renomination in the primaries August 5. The exception is Congressman Charles F. Ogden, republican, of Anchorage, in the 5th district, and as a result of his refusal to run, Maurice L. Thatcher, former Governor of Panama Canal Zone, will be the republican nominee and will be opposed in November by Kendrick R. Lewis, of Louisville, on the democratic side.

In six of the other ten districts in the state the present Congressmen have no opposition in the primaries. Summed up the democrats have four contests, and the republicans have six.

The primary lineup as it will confront the voters on August 5 is:

First District—Democrat, Congressman Alben W. Barkley of Paducah, unopposed; Republican F. M. McCain, Mayfield, unopposed.

Second District—Democrat, Congressman D. H. Kincheloe, of Madisonville, unopposed; Republican, George W. Jolly, of Owensboro.

Third District—Democrat, Congressman Robert Y. Thomas, Jr., unopposed; Republicans, W. O. Moats, of Morgantown; R. M. Amos, of Olmstead; Marmaduke B. Bowden, of Russellville.

Fourth District—Democrat, Congressman Ben Johnson, of Bardstown, unopposed; Republicans, Dr. R. H. McMullin, of Grayson county, unopposed.

Fifth District—Democrat, Kendrick R. Lewis, of Louisville, unopposed; Republicans, Maurice L. Thatcher, Louisville, unopposed.

Sixth District—Democrat Arthur B. Rouse, of Burlington, unopposed.

Seventh District—Democrat Congressman J. Campbell Cantrell, of Georgetown; R. Lee Murphy, of Georgetown.

Eighth District—Democrat, Congressman Ralph Gilbert, of Danville, unopposed; Republicans Edward Hubbard, of Lancaster; Dr. H. L. Canard, of Danville.

Ninth District—Democrat, Congressman W. J. Fields, of Olive Hill; H. C. Ducey, of Cynthia; R. G. Tucker, of Prater; W. T. Cole, of Greenup; Republicans, Trumbo Snedegar, of Wyoming; George Osborne, of Russell; J. H. Stricklin, of Insko.

Tenth District—Democrat, F. Tom Hatcher, of Pikeville; K. L. Varney, of Canada; Republicans, Congressman J. W. Langley, of Pikeville; former Congressman Rev. N. T. Hopkins, of Yeager; Fess Whittaker, of Whitesburg.

Eleventh District—Democrat C. J. Sipple, of London, unopposed; Republicans, Congressman J. M. Robison, of Barbourville, unopposed.

The democrats have entered candidates in all of the eleven districts planning even to give the republicans opposition in this fall in the rockribbed Republican strongholds of the tenth and eleventh districts. The republicans however, have entered no candidates in the sixth district against Congressman Rouse and in the seventh where Congressman Cantrell has a fight on his hands for the nomination.

In the ninth district Congressman Fields, democrat, is faced by three opponents, one of whom is H. C. Ducey, of Cynthia, former speaker of the state house of representatives and seasoned campaigner.

Congressman Langley in the tenth district, is opposed by Rev. N. T. Hopkins, of Yeager, who has the distinction of having been elected to congress once but of serving only one day. His democratic opponent was elected on the face of returns and served throughout the session being declared unseated on the last day of the session. Hopkins is a picturesque figure, a Baptist minister typical of this section of the country. Congressman Langley's other opponent is Fess Whittaker, the jailed jailer of Letcher county. Mr. Whittaker was sent

JEALOUS WIFE KILLS LOVE RIVAL

(By Associated Press)

Los Angeles, Calif., July 15—The Los Angeles county grand jury Friday returned an indictment charging Mrs. Clara Phillips, under arrest at Tucson, Ariz., with the murder of Mrs. Alberta Tremaine Meadows here Wednesday. Mrs. Meadows was slain by blows from a hammer wielded by Mrs. Phillips, according to the evidence of Mrs. Peggy Caffee, sole witness, as she gave it before the grand jury.

The full horror and details of the beating to death of Mrs. Meadows, a 22-year-old widow, were revealed to police today by Mrs. Caffee. Plans the night before, purchase of the instrument of death, the hammer, meeting the victim, the attack, the victims' pitiful cries for help, her fight, recapture and repeated blows until she sank in death, were recited by Mrs. Caffee.

Says Wife Was Jealous

(By Associated Press)

Los Angeles, Calif., July 15—Mrs. Phillips was said by her husband to have killed Mrs. Meadows with a hammer and rock because of jealousy which he claims was unwarranted. Mrs. Peggy Caffee, upon whose testimony the indictment was returned, claims she was present when the murder was committed.

Tucson, Ariz., July 15—Clara McGuyer today continued to deny that she was the Mrs. Clara Phillips, who was indicted in Los Angeles on the charge of having murdered Mrs. Alberta Tremaine Meadows, in Los Angeles.

BURLEY GROWERS TO MEET AUGUST 10

(By Associated Press)

Lexington, Ky., July 14—Plans for a meeting of burley tobacco growers to be held here at the Kentucky Agricultural Experiment Station August 10, for the purpose of acquainting the growers with the work of the station along tobacco lines, and presenting several subjects of interest to growers of the crop, were announced here today by station authorities.

Chief interest in the program of the meeting is expected to be centered around the experiments being conducted by the station to compare root rot resistant strains of tobacco with the burley varieties commonly grown in Kentucky. Marked difference already are noticeable between resistant and common varieties in the plots where they are being grown side by side on the station farm and by the time of the meeting it is expected that the value of the resistant varieties in controlling the rot will be plainly evident. The disease is held to be the most serious one of the tobacco crop in Kentucky.

Speakers announced for the meeting include James C. Stone, president of the Burley Tobacco Growers' Association; R. M. Barker, director of the warehouses for the association; Director Thomas P. Cooper, of the station; E. J. Kinney, tobacco specialist of the station, and W. D. Valleau, the station plant pathologist. Mr. Barker will give a demonstration showing how farmers can realize a better price for their crop by more careful grading.

L. & N. FREIGHT SHIPMENTS MOVING

**More Coal Being Handled At
Ravenna—More Workers
Go To Corbin**

Lexington, Ky., July 15—Congestion at two eastern Kentucky points on the Louisville & Nashville railroad has been relieved in large measure, and the effects are seen in the volume in which freight is being received here, F. B. Carr, general agents, said yesterday.

At Corbin, a pivotal point for three divisions, more than a score of trains moved Wednesday and an even greater number Thursday, according to reports, Mr. Carr said. A number of men to replace the strikers have relieved the situation at Ravenna, according to reports.

More coal cars are being handled at Ravenna, and the transportation situation at the mines should not grow worse if the present movement continues.

The C. & O. here is able to handle all of the freight received, Andrew Mitchell, Jr., general agent and superintendent of terminals, said, Friday.

Six or eight freight cars were derailed in a tunnel near Nemo, Tenn., early yesterday morning causing a delay in traffic on the Southern road of from four to six hours. The damage was slight and there were no casualties according to H. C. King, district passenger agent. It was stated that the strike had nothing to do with the wreck.

Corbin Crisis Past

Corbin, Ky., July 15—The crisis in Corbin's rail strike has passed, according to H. D. Magee, chairman of the strike committee. "We have the situation well in hand," he said, "and I am certain there is no longer any danger of trouble between our men and those taking their places in the L. & N. yards and shops."

Today the streets were more normal in appearance than at any time since the 1,500 men walked out of the terminal here.

Approximately 65 workers arrived at the yards Friday. They were taken immediately to the tent colony, where more than 400 men are living.

NORMAL BOARD TO CONSIDER GYM BIDS

The Board of Regents for the Eastern Kentucky Normal and Teachers' Training School, composed of George Colvin, chairman, J. A. Sullivan, J. W. Cammack, C. F. Weaver and Senator H. M. Brock, will meet Saturday with President T. J. Coates and Secretary Paul Burnam, who was reelected at the last meeting for a term of two years. The meeting was called Saturday morning at 10 o'clock.

The regular routine business will be attended to, but the thing of greatest importance for the meeting will be the receiving of bids for construction of a frame building for a gymnasium. The school has been greatly handicapped in its physical education work since August 1920 when the Normal gym was burned.

Thru the generosity of the City School Board the Normal School has been allowed to use the Madison High School gym. This made it possible to carry on athletic activities to some extent and do the necessary physical education work required by law. This building did not accommodate half the Normal students, but it was a "God-send" to that institution.

Coates To Lecture To Students

Pres. T. J. Coates will deliver a series of lectures to the Normal students at their regular chapel hour, 8:30, during the coming week. These will be based on his observations made while he attended the American Educational Association, which met in Boston last week. President Coates had the opportunity to visit all the points of interest in and near Boston. He will tell something of these in connection with his other topics of interest.

STATE REFORMATORY HAS 1534 INMATES

(By Associated Press)

Frankfort, Ky., July 15—The population of the state reformatory here reached its zenith at the end of the week of July 8, according to a statement today by W. B. Fuller, chief clerk in the office of Warden Henley V. Bastin. At that time there were 1,506 men and 28 women, convicts. The previous high record was established in May, 1916, when 1,522 prisoners were confined in the reformatory. Last summer the population was reduced to 1,128.

Convicts serving sentences for murder lead the list. There are 375 "doing time" for this offense. The next most prevalent offense is housebreaking, for which 163 are in the reformatory. Grand larceny ranks third with 152 and there is a fair representation of all other crimes. The most unusual offense recorded at the reformatory is illegal voting. Harold Ham, who was received here March 23, 1922, from Laurel county, is the only man ever sent to prison here for that offense, within the time Mr. Fuller has been connected with the reformatory. On account of the crowded condition of the reformatory, the prisoners are "doubled up" in B cell house.

MRS. JOHNSON DIES AFTER LONG ILLNESS

Mrs. Nannie Johnson, 58, died Friday night at her home in Le Roy, Illinois, after an illness of many months. She is survived by two sons, Robert, of Le Roy, Ill., and Hobert, who is proprietor of the Merry Garden Dancing Pavilion at Boonesboro. Mrs. Johnson also has one sister, Mrs. J. H. Jackson, of Berea, and four brothers, S. L. Black, of Richmond, Robert, Thomas and William Black, of Madison county. Mrs. Johnson was a member of the Baptist church. Her remains will be brought to Richmond for burial in the Richmond cemetery.

Purchase New Car

Oldham and Rowland have purchased a new Dodge car, which arrived the first of the week. It is one of the latest things in its line. The car may be used for an eight-passenger pull bearers conveyance or the seats may be removed and the car converted into an ambulance. This is quite an addition to their undertaking department.

Warrants Issued

A warrant was issued for Melvin Hill, colored, on the charge of breaking into the smoke house of William Che-nault, colored, and taking two hams. The trial will be held July 18. Ed Todd, colored, of Brassfield, had a warrant gotten out for his son, Tom Todd, on the charge of breach of peace.

Revival Service At Pine Grove

Revival services will begin at the Pine Grove Methodist church Tuesday evening, July 18th, and continue at least ten days. Rev. E. O. Hobbs, General Evangelist of the M. E. Church, South, will do the preaching. He is one of the biggest guns of Southern Methodism. Everybody cordially invited to these services.—Benj. Sewell.

Kingston Bridge Begun Monday

Construction work on Kingston bridge will begin Monday. Representatives of the Virginia Bridge Company, contractors, have arrived to arrange about getting materials so construction may begin immediately.

LEXINGTON ROAD WORK MAKES FINE PROGRESS

**12,000 Feet of Concrete Spread
This Week—Now Averaging
210 Feet a Day**

The work on the Lexington pike is considered by those in charge to be making rapid progress. They have spread more than 3,000 feet of concrete and are now able to spread at least 210 feet a day. This is unusually good. Mr. McCormick considers that they will be to the overhead bridge near the city limits within two weeks. When this end is finished the crew will go to McCord's lane where work was begun, and work toward the river. Work has progressed better this week than any previously, as 1,200 feet of concrete have been spread by Saturday morning when this information was given out.

Just as soon as the concrete is spread canvas covers are spread over it until it dries sufficiently for a person to walk on it. The concrete is then covered with dirt, two inches in thickness. This is kept wet for two weeks and then the dirt is removed. The concrete is allowed to stand for one week and then the road is ready for travel.

All the concrete used on the Lexington pike is reinforced and on the curves has double reinforcement. When this road is completed it will be something of which Madison may be justly proud.

POULTRY EXHIBIT AT STATE FAIR

Lexington, Ky., July 15—Plans already are well under way for the poultry standardization exhibit, which will be made by county poultry associations for the third consecutive year, at the coming Kentucky State Fair, according to J. R. Smyth, poultry extension specialist of the College of Agriculture, who will have charge of the event. At least 20 of the counties that have adopted a standard breed of poultry are expected to enter birds in the exhibit which has developed into one of the largest farm poultry exhibits in the country, he said.

Each county exhibit will be made up of 32 birds, these being divided into two pens of aged birds, two pens of young birds and three entries each in the cock, cockerel, hen and pullet classes. Entries will complete individually and as county exhibits. A number of cash and special prizes this year will be offered again as has been the case for the last two years.

As a part of the poultry standardization campaign which has been carried on over the state for a number of years by the college extension division, the standardization exhibit at the fair has experienced a rapid development. Eight counties were represented when the event first took place two years ago, while last year 15 county poultry associations sent representative birds from the flocks of their members. The exhibit has been designed to stimulate interest in purebred poultry and at the same time afford the farmer an opportunity to exhibit his best birds.

Dies At Irvine

Irvine, Ky., July 15—Joseph Edmondson, aged 67, died at his home of pneumonia. He leaves five sons and one daughter. Burial took place at the Thomas burial grounds.

Robert Friend, president of the Williams Bank, who has been traveling in the Holy Land for several weeks, will sail for home this week and will arrive in Irvine about July 28.

Another Car Stolen

A Ford car owned by a Mr. Roe, of Winchester, was stolen from the streets of Richmond. Mr. Roe was in town on business in connection with the construction of a bridge at Kingston, which will be begun Monday.

This is the sixth car which has been stolen here in the last few weeks. All the others have been located near Round Hill, so officers says, and they are going that way to try and find this one.

Mason has 411 miles of roads.

Political Announcements

We are authorized to announce

RALPH GILBERT
as a candidate for the Democratic nomination for Congress from the 8th Congressional District, subject to the action of the Democratic primary in August, 1922.

Convention or Primary?

We do not believe that operating under the State primary election law the Democratic party can review it with any satisfaction as to results. Only three Democratic State tickets have been nominated under its operation. These tickets were headed for Governor by McCreary, Stanley and Black. McCreary was elected by a handsome majority, Stanley won by only 400 votes, and Black was beaten by a larger majority than McCreary received.

One of the troubles with the operation of the State primary law is that the voters have not sufficiently considered the candidates for the other offices besides Governor either as to their relative strength or their location. It is true that Gov. Black being on the ticket with Stanley saved him from defeat. To have a strong ticket we must not only have an able and popular candidate for Governor, but we must have a capable and popular candidate for every other office. Then the nominations must be distributed over the State so that all sections are represented on it. Speaking from the party experience it is impossible to secure this in a primary election.

Under the new law all State officers can be nominated in a convention rather than in a primary if the governing committee decides that way.

The Republicans nominated their last State ticket in a convention and they named the strongest ticket possible, while the Democrats nominated their ticket in the primary and the result was that the Democrats were defeated by the most disastrous majority ever given against them.

We believe that a Democratic ticket next year nominated by a convention would result in the nomination of a much stronger ticket than we can possibly secure by a primary and in consequence, the chance of election would be much better.

We cannot subscribe to the suggestion which has been made for naming the candidate for Governor in a primary and the rest of the ticket in a convention as it would give the nominee for Governor too much power and influence in the convention which might result in serious injury to

the party in the final election.—

AILING WOMEN OF MIDDLE AGE

Mrs. Linton Tells How Helpful Lydia E. Pinkham's Vegetable Compound is at This Period

Denver, Colorado.—"I have taken Lydia E. Pinkham's Vegetable Compound for seven years and I cannot tell you the good it has done me. It is good for young and old and I always keep a bottle of it in the house, for I am at that time of life when it calls for Lydia E. Pinkham's help. My husband saw your ad. in the papers and said, 'You have taken everything you can think of, now I want you to take Lydia E. Pinkham's Vegetable Compound.' So I let him get it, and I soon felt better, and he told me I want you to take about six bottles, so I did and I keep house and do all my own work and work out by the day and feel fine now. I tell every one about the Vegetable Compound, for so many of my friends thought I would not get well."—Mrs. R. J. LINTON, 1850 West 33rd Avenue, Denver, Colorado.

After reading letters like the above, and we are constantly publishing them, why should any woman hesitate to take Lydia E. Pinkham's Vegetable Compound if she is in need of help? It brings relief where other medicines fail.

SISLER AND COBB HAVING REAL RACE

(By Associated Press)

Chicago, July 15.—Ty Cobb's challenge for the batting leadership of the American League was no flash in the pan, judging from averages compiled today which show the Detroit leader closing the gap separating him from Geo. Sisler, the St. Louis marvel, who is leading the race with an average of .420.

Cobb is just 14 points behind Sisler, as compared with 31 a week ago. The noted Georgians remarkable batting streak netted him 20 hits in the last nine games, as against 12 hits collected by Sisler in eight games.

Tris Speaker, manager of the Cleveland club, moved back into third place with an average of .364, deposing Harry Heilmann, of Detroit, who dropped into fourth place with .354.

Sisler is without a dangerous rival in base stealing. He is showing his heels to the contenders with a string of 32 thefts, while Ken Williams, the home run hitter, is second in line with 26.

The see-sawing fight between Williams and Tilly Walker, of the Athletics, for home run hitting, continues with honors even, each having knocked out 21. Ruth is down in the list with 14.

Other leading batters for 55 or more games: Miller, Philadelphia, .354; Schaggy, New York, .353; O'Neill, Cleveland, .349; Bassler, Detroit, .347; Blue, Detroit, .342; Whit, New York, .336; McManus, St. Louis, .333.

Perhaps the most impressive stick work in the National League was the batting of Charlie Hollocher, the "kid" shortstop with Chicago, who, in seven games, smashed out 13 hits which enabled him to jump from ninth to third place in the list of leading sluggers with an average of .359.

Rogers Hornsby, the St. Louis star, with his record of 23 home runs, continues to top the league is hitting, with an average of .399, nine points above his mark of a week ago. Hank Gowdy, of Boston, is second with .372.

Max Carey, of Pittsburgh, is holding on to the lead in base stealing with 22, with Tierney, also of Pittsburgh, second with 16. Hornsby is third with 14.

Other leading batters for 55 or more games: Bigbee, Pittsburgh, .358; Johnston, Brooklyn, .357; Grimes, Chicago, .357; Daubert, Cincinnati, .355; Duncan, Cincinnati, .354; Carey, Pittsburgh, .345; Smith, St. Louis, .344.

"It Looked Like a Battlefield in Europe," Says Mr. C. Dunster
"Was staying at a hotel in a small Pennsylvania town. Early one morning I went to the stable to hire a rig and was shown a pile of dead rats killed with Rat-Snap the night before. Looked like a battlefield in Europe." Three sizes: 35c, 65c, \$1.25. Sold and guaranteed by Stockton & Son and Douglas & Simmons, July.

Jack Kirke, the Louisville first baseman, is the new batting leader of the American Association. Kirke connected with 17 hits in eight games, pulling himself from fourth place to the top of the heap within a week with an average of .381. Myatt, of Milwaukee, who led the race for several weeks, dropped into second place with .370. The averages include games of Wednesday. Bunny Brief, of Kansas City, is safely in the lead in home run hitting, with a string of 21, second with 16. Kreuger, of Indianapolis, and Becker, of Kansas City, are third with a dozen each.

CONVICTS LIKE TO READ NEWSPAPERS

(By Associated Press)
Frankfort, Ky., July 15—News-papers circulated within the walls of the state reformatory here, tend to keep the prisoners quiet and exert a big influence towards discipline, in the view of W. B. Fuller, chief clerk in the office of Warden Henley V. Bastin.

Practically 500 newspapers are circulated among the prisoners daily, Mr. Fuller said, and are read eagerly—news, advertisements, women's page and all. One prisoner acts as agent for the papers. He distributes the papers and collects from his subscribers.

The practice of allowing prisoners to read newspapers, Mr. Fuller said, has been in vogue for about a year and during that time a great change has been noticed in the convicts. Heretofore, according to Mr. Fuller, they became hoisterous at night and it was difficult to curb the noise. Now, however, they spend the evenings in reading the happenings of the world, their only connection with which being through

the newspapers.

Some persons have contended, Mr. Fuller asserted, that newspapers exert a bad influence on convicts for the reason they read about crime and other sordid happenings. However, the chief clerk believes any bad influence that may be caused from the reading of crime is more than over-come by the prisoner's learning of the good in the world. "While they do read about crime," he said, "they also read about the good things in the world, too."

While the prison library contains about 2,500 volumes, the convicts show a preference for newspapers over other forms of literature, Mr. Fuller said.

DE GARMO MEETING CLOSES SUNDAY NIGHT

The DeGarmo meeting at the Calvary Baptist church has been growing in spiritual power each night. Many are showing a deep interest in their soul's salvation and confessions are made at practically every service.

The Rev. DeGarmo has been preaching a series of sermons on John 3:14-15, for the last three nights and will preach on this passage of Scripture Saturday night and Sunday night, making a total of five sermons.

"This scripture as Moses lifted up the serpent in the wilderness, even so must the son of man be lifted up; that whosoever believeth in him should not perish but have everlasting life," is the great passage of scripture in the Bible," declared the evangelist.

"It contains every thing essential to salvation. Just as the Israelites realized they were bitten by the serpent and poisoned so must men realize they are bitten and blighted by sin—lost, before they can be saved. Then as they looked to the brazen serpent which Moses lifted up they were cured of the poison, so are sin-sick, lost men saved when they look to Jesus Christ who was lifted up on the cross. All men have sinned. All who do not trust Jesus to save them, are lost. No matter how highly educated, or refined, or cultured, a man may be, he is lost without Jesus Christ. Reformation, good works, baptism or church membership has no part in salvation. Jesus alone saves. When a man trusts Jesus to save him he is eternally saved. For 'whosoever believeth in Him hath eternal life.' How long is 'eternal'? This is simple to any intelligent mind. No believer can ever be lost. And it is just as true that if you do not trust Jesus to save you, you are eternally lost. When you trust Jesus to save you, you have a new nature. 'Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new.' 1 Cor. 5:17. We serve him then because we love him," said the evangelist.

The series of sermons of this passage get better and better each night and they are by far the plainest and most powerful sermons he has preached. It is difficult to see how anyone can hear these plain gospel messages and fail to understand the plan of salvation of how to be saved. The great secret of Rev. DeGarmo's power is that he sticks close to the scriptural text. He proves every statement he makes by the Bible; his logic is also unanswerable. He condemns sin and worldliness in strong, cutting, occasional statements, but he stays to his great theme, the Bible's plan of salvation, and makes this the great emphasis of his teaching. Some church members are realizing themselves lost and are confessing Christ, as well as people out of the church.

Miss Helen DeGarmo has won the hearts of all by her sweet singing. Each night she stirs the deep emotions of the audience by the singing of the gospel in solo. Evangelist DeGarmo will preach three more sermons, Saturday night, Sunday and Sunday night. Subject of the Sunday morning sermon will be "The Cross," and Sunday evening he will preach the last sermon of his series on John 3:14-15. This will be the last service of the meeting. There will be no Sunday afternoon service. Regardless of the extreme hot weather, large crowds continue to attend the meetings. The baptismal service will be announced Sunday.

MONSTER DIRIGIBLE BEING CONSTRUCTED

(By Associated Press)

Philadelphia, July 14—A monster dirigible, the ZR-1, is being built in the aircraft factory of the Philadelphia Navy Yard. It is to be fully as big as that ill-fated leviathan of the air, the ZR-2, which collapsed and fell flaming into the Hull river in England last summer bringing a terrible death to more than a score of its crew. As fast as the parts are completed here they are sent to the hangar at Lakehurst, N. J., which will be the home port of the giant airship. It is expected that by next April the ZR-1 will be ready for its trial flight.

This dirigible will be the first of the Zeppelin type to have been built in this country. Commander Westervelt and his associates in the naval aircraft factory are being guided in the construction of the ZR-1 by the tragedies of similar craft.

A principal difference between the Philadelphia-built dirigible and that which collapsed over Hull is the strengthening of every second duraluminum ring instead of every third ring as in ZR-2. This strengthening is accomplished by tying each section of the 25-sided rings (polygons) which will make up the framework, with the strongest possible strands of copper wire. Seventy miles of such copper wire will be used, and the result, it is said, will give the framework a resistance greater even than if constructed of steel. Duraluminum is an alloy of aluminum and copper and is used because of its qualities of lightness and strength.

The envelope will be 700 feet long and 85 feet in maximum diameter. It will be cigar-shaped. The cloth will be of staple back-spun cotton one inch in thickness. A specially devised varnish will make it sun and water proof. Nineteen balloons which will furnish the lifting power are being built in Akron, O. These will have a total gas capacity of 2,700,000 cubic feet. It is not considered likely that helium (non-inflammable gas) can be used, because of the immense quantity that would be necessary.

Originally the intention was to equip the ZR-1 with seven Liberty engines capable of developing a total of 2,100 horsepower, but navy experts are experimenting with a new type of motor, the specifications of which are not being made public, but which will likely be the type used.

When the ZR-1 is completed, experts say it will have power to cruise one-third of the distance around the world without having to descend. It will have a lifting power of 83 tons. The average speed, it is estimated, will be 50 miles an hour, its maximum 75.

Auto, Believed From Fayette, and Liquor Seized

Lexington, Ky., July 15—Forty five gallons of moonshine whisky were found in a roadster seized near Springfield, Washington county, Tuesday night by prohibition agents, Director Sam Collins was informed Friday. A touring car, said to have been company with the roadster, escaped, according to the officers. Both cars are believed to have been from Fayette county. The driver of the roadster, escaping, abandoning his machine at the approach of officers. The machine has been confiscated by federal authorities and if not claimed will be sold under provisions of the prohibition act.

Beautiful Reception

Beautiful was the reception given by Mesdames David White John Blythe and James Million in honor of their sisters-in-law, Mrs. Arthur Walliams and Mrs. Annie White Williams, of Detroit. The house was beautiful, the colors pink and white being used. The guests were introduced by Miss Mamie White as they entered the reception hall after which they were ushered into the living room by Mrs. June Wells and were served punch by Mrs. David White. A delightful ice course was served. The guests then assembled on the lawn where they were entertained for a short while by Mrs. Annie Williams and Miss Mamie White at the piano. A large number responded to the invitation and reported a most delightful time.
